

Vistara™: Nominate Providers to the PHCS Network for Value-Driven Health Plans™

Modernize out-of-network pricing

Even with our huge network, we realize that you may want to see a provider who's not yet enrolled. No worries, we've made it easy for you to nominate a provider to join us.

How do nominations work?

To nominate your provider to the PHCS Network for Value-Driven Health Plans (VDHP).

Simply click on the "Nominate a Provider" link in the footer of any page of HST Connect.

SUBMIT

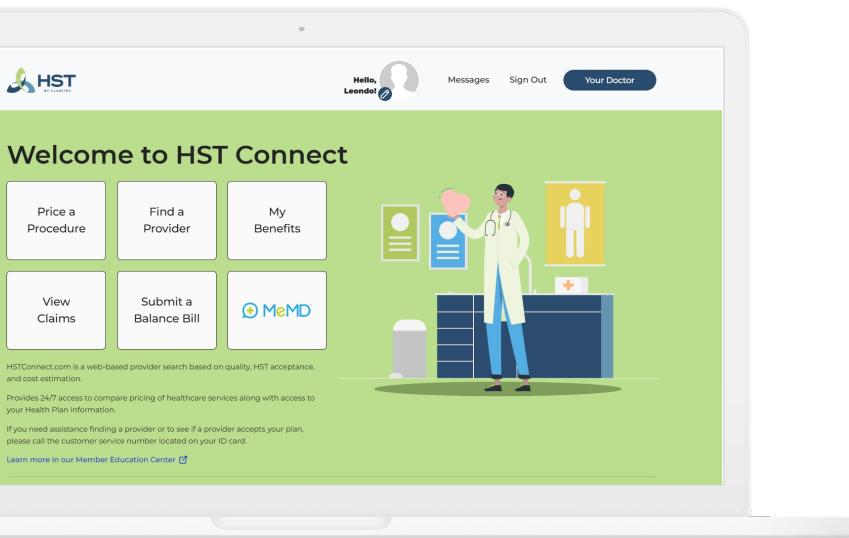

Supply basic information about the provider and we'll contact them to see if they're interested in joining our network. If so, we'll send them an application.

TRACK

You can check the status of your nomination online at anytime using either: the tracking number you receive when you submit the nomination, the provider's name and state, or your email address.

QUALITY ASSURANCE

All providers must meet our requirements to join the network.

HST Connect is a web-based provider search based on quality, HST acceptance, and cost estimation. Provides 24/7 access to compare pricing of healthcare services along with access to your Health Plan information. If you need assistance finding a provider or to see if a provider accepts your plan, please call the customer service number located on your ID card. Learn more in our Member Education Center.

24/7 NOMINATE A PROVIDER

24/7 TRACK YOUR NOMINATION

If a provider you want to see isn't already a part of the PHCS Network for VDHP, we encourage you to submit an online nomination today.
